**Public art takes on a new level of inspiration and interaction! CUBED Luminous** is a 4-day and night outdoor live digital art festival featuring a towering 18 ft. LED cube and 16 laser projectors illuminating the original murals of 16 artists—in real time, as they are being painted onto each side of four 8 x 8 ft cubes. From daylight into dark, watch the artists at work, enjoy live music and DJ sets, have lunch or dinner at the food trucks and stroll through the Makers City Marketplace. It's all happening in beautiful downtown Pensacola as part of the Pensacola Foo Foo Festival. Find out more at [www.cubedgulfcoast.com](http://www.cubedgulfcoast.com).
