

## Greetings! Your name was given to us as a potential or committed sponsor for an event on May 16th.

At Pathways for Change, we see the heartbreaking stories of U.S. women veterans left behind.

### Pathways for Change Stories

Erica, a U.S. Army fuel truck driver in Afghanistan, came to us from a homeless camp off U.S. 29 with nothing, not even a sleeping bag, to her name. Carol was living in her car. Susan lives with us following six suicide attempts. Kylie is a victim of military sexual assault, reaching out for help after creating her own suicide plan.

### Hope for Tomorrow

Today, Erica, Carol, Susan and Kylie are safe at the Pathways For Change's Clinton Cox Residence, receiving all they need to thrive and deal with the horrors that drove them to homelessness. But there are so many more lives – ones who spent years dedicated to serving our nation – that can be saved. With your help on May 16, we will continue to fight for those who fought for us. With your help, we can refuse to leave them behind.

### How You Can Help

We have a new event, the first of its kind, to support these efforts: Mission Transition. Partnering with the Blue Angels Foundation, Perfect Plain Brewing Co. and Restaurant IRON, the event, a dinner and live auction, will take place on May 16 at Perfect Plain.

Seating is extremely limited and it is likely that seating will be limited to event table sponsors.

If you are interested in sponsoring our event, please click on the below link. I am also available via phone or email. Thank you for your support.
