### Beck Partners Makes Top 100 Best Companies List

PENSACOLA, FL. (August 1, 2018) — Beck Partners was recently named one of Florida's *Best Companies To Work For*.

The annual Best Companies list is featured in the August issue of *Florida Trend* magazine. One-hundred companies are ranked in small, medium and large employer categories.

"We are honored to receive this incredible recognition for the second year in a row. Our outstanding people are what make our business and our clients move forward," says Justin Beck, CEO of Beck Partners. "As we have continued to grow, our culture has flourished along Northwest Florida. It is truly an incredible thing for me to see the positive effects our team is making in our offices and in our communities."

To participate, companies or government entities had to employ at least 15 workers in Florida and have been in operation at least one year. Companies that chose to participate underwent an evaluation of their workplace policies, practices, philosophy, systems and demographics. The process also included a survey to measure employee satisfaction. The combined scores determined the top companies and the final ranking.

"Employers we speak with talk a lot about how workplaces are changing and how young employees expectations are changing. For the Best Companies issue this year, we spoke with new hires and got their perspectives on what attracted them to the companies where they now work and what they now like best about their workplaces. One key concern that young workers talk about is whether the company seems to care about more than their academic record and technical qualifications," says Executive Editor Mark Howard.

"The best companies obviously provide strong pay and benefits to their employees, but they also offer fun diversions," says Florida Trend Publisher Andy Corty, "And these top companies encourage employees to participate in the organization's overall success with training and open communications."

The *Best Companies To Work For In Florida* program was created by *Florida Trend* and Best Companies Group and is endorsed by the HR Florida State Council. Best Companies Group managed the registration, survey and analysis and determined the final rankings.
