State Farm Awards Jr. Achievement Programming Dollars

Please see the attached photo from today's check presentation from State Farm Insurance to Junior Achievement of Northwest Florida.

State Farm awarded a total of \$60,000 to Jr. Achievement areas statewide in Florida for financial literacy education. \$7,500 of that amount was designated specifically for Jr. Achievement programming in Northwest Florida. This donation pays for programming in 15 Jr. Achievement classrooms and impacts over 300 students.

Representative Mike Hill attended the event along with over 20 other State Farm agents around the area.
