

EPILEPSY FOUNDATION OF FLORIDA

Dear Mary,

When we first heard that the Epilepsy Foundation of Florida was a finalist for the Florida Blue Sapphire Award, we were honored to have been chosen.

Last week, we had the privilege to receive our award in Orlando, Florida. Please take just a few minutes to [watch this short video](#) and celebrate, with us, our Healthcare Navigation Program efforts that successfully provided under-served Floridians with healthcare services over the past five years.

Thank you for being our partner and for standing arm-in-arm with the thousands of Floridians battling epilepsy to ensure they receive the care and resources needed.

Sincerely,

Karen Basha Egozi
Chief Executive Officer
Epilepsy Foundation of Florida
