

ManpowerGroup has been named a 2019 "Best Company to Work for Women" in the U.S. by the Women's Choice Award, a leading advocate for women across the country. ManpowerGroup is recognized for its company culture, commitment to career development, work-life balance and female representation at every level.

"At a time when women make up 50% of the U.S. workforce and graduate at higher levels than men, being a great place for women to work isn't just the right thing to do, it makes business sense," said Becky Frankiewicz, President of ManpowerGroup North America. "Shifting from conversation to action is how we make equal access to meaningful work and leadership positions a reality. We believe the best way to build a diverse talent pipeline is to attract and promote more women and lose less. That's why it is a great honor to receive this Women's Choice Award recognition for being a company where women want to work, feel supported and can thrive."
