FOR IMMEDIATE RELEASE

Parata Technology Makes Medication Management Easy

Pensacola, Fla. (May 1, 2018) – In April, the Lakeview Center Pharmacy started using the Parata Pass 208. The agency is the only pharmacy location in Pensacola operating this medication packaging machine.

The new technology places medications in easy-to-use packets to avoid sorting through several bottles to determine what medications to take at multiple daily dosing times. The doses are organized by date and time all in one designated pouch. The ease of this new technology helps ensure medication compliance to support good health.

The Lakeview Center Pharmacy serves employees, clients and the general public. They provide medications at the lowest possible rates and utilize a confidential database to ensure customer privacy.

Facilities within the community who would rather shop local for their clients' compliance packaging now have the option to do so and can contact the pharmacy at 850.469.3719, option 2. Community members also are encouraged to use the pharmacy.
